Mr. Blatchley,

The Motion to Dismiss that you filed about 3 hours ago has a serious problem. I have not been licensed to practice law in any court since 2014.

The Docket sheet that you attached as an Exhibit from my federal suit in Orlando against TSS Consulting Group, which I saw for the first time tonight, is something the Clerk of the Middle District of Florida must have put together from past and dated information. It is inaccurate, including for example, I have not used the Fax number 410-510-1870 for roughly 10 years. This Florida docket sheet is not something the Court can take judicial notice of.

I have only gotten as far as page 5 of your Memorandum, which in heading A, asks that all 17 Counts be dismissed on the (incorrect) basis that my home number is published as a business number.

I ask that you withdraw the Exhibit, and your Motion, immediately. I will wait until 1:00 PM tomorrow, June 18, 2020, and if not withdrawn, will be forced to file a Motion to Strike. I will also move for additional time until the Court rules on the Motion to Strike, since it makes no sense for me to have to respond to arguments based on the incorrect fact(s) that your Motion and Memorandum attempt to create.
